

Amy Yang, of Balance Chiropractic in Monrovia, has moved into a new office to provide more services to customers.

Yang's clients include (from left) Debra, Ava and André Bond.

Balance Chiropractic's New Office Offers Comprehensive Services

MONROVIA - Balance Chiropractic recently had a grand opening in Monrovia, offering a day of free services to everyone and anyone who wanted to see what is offered.

Led by chiropractor Amy Yang, UCLA graduate and graduate of Plamer College of Chiropractic West, guests were able to enjoy free massage therapy, acupuncture and able to ask any questions they wanted to health-care providers for a day. Yang provided free food for her guests.

Balance Chiropractic offers chiropractic services (adjustments, inter-segmental traction, rehabilitation, soft tissue therapy), massage therapy

and acupuncture. She has been practicing in Monrovia for seven years and can be found at 133 W. Lemon Avenue in Monrovia.

"The best part of my work are the people I meet. I meet a lot of fun and interesting people who I otherwise would never have met," Yang said. "I like seeing them progress toward their goals."

Yang participates at the Monrovia Street Fair on Friday nights in the summer and every other Friday night in the spring and fall. She feels that being "results-oriented" is what separates her from the competition, as she works to help her patients reach their individualized treatment goals.

SAY CHEESE! Heather Sims (left) and Balance Chiropractic's certified massage therapist Palani Havellana get the knots out of a happy Anna Chau, who was pleased with the results.
